A diagram illustrating the high solar reflectance of the tiles. It shows a white circular area representing a tile, with two yellow arrows pointing towards it from the upper left. From the center of the circle, two yellow arrows point away towards the upper right, representing reflected solar radiation.

Note: Colours shown are as accurate as the limitations of the printing process will allow. Prospective customers are advised to inspect a sample of the tile before ordering. Every effort has been made to ensure the accuracy of the information given. However, the company reserves the right to change the specifications without prior notice. Sometimes variations in shade or size being inherent to ceramic industry may occur. Before fixing, we advice you to follow the fixing instruction on the cartons of the tiles as no responsibility can be accepted by the company once the have been fixed.
